

# SUMMERFOLK - AMPHITHEATRE SEATING POLICY

## PLEASE BE A SPACE SAVER!

In order to provide a clear view of the stage in the amphitheatre for everyone, no lawn chairs will be permitted in the ground level area (Area 'C') for night concerts only. A special section in Area 'C' is set aside for disabled persons in wheelchairs.

Persons with lawn chairs are requested to use the upper level (Area 'A') and the tiered section (Area 'B').

Persons with lawn chairs sitting in Area 'B' are asked to place their chairs at least 18" from the stone rows in each tier (see illustration above). This will enable others to use the stone rows as seats. Your cooperation in following this seating plan will enable everyone to have an enjoyable view of the evening concerts.
